

conditions). The Federal agency shall immediately notify the State agency and applicant or applicant agency if the Federal agency will not approve the application as amended by the State agency's conditions.

(b) If the requirements of paragraphs (a)(1) through (3) of this section are not met, then all parties shall treat the State agency's conditional concurrence as an objection pursuant to the applicable subpart.

§ 930.5 State enforcement action.

The regulations in this part are not intended in any way to alter or limit other legal remedies, including judicial review or State enforcement, otherwise available. State agencies and Federal agencies should first use the various remedial action and mediation sections of this part to resolve their differences or to enforce State agency concurrences or objections.

§ 930.6 State agency responsibility.

(a) This section describes the responsibilities of the "State agency" described in § 930.11(o). A designated State agency is required to uniformly and comprehensively apply the enforceable policies of the State's management program, efficiently coordinate all State coastal management requirements, and to provide a single point of contact for Federal agencies and the public to discuss consistency issues. Any appointment by the State agency of the State's consistency responsibilities to a designee agency must be described in the State's management program. In the absence of such description, all consistency determinations, consistency certifications and federal assistance proposals shall be sent to and reviewed by the State agency. A State may have two State agencies designated pursuant to § 306(d)(6) of the Act where the State has two geographically separate federally-approved management programs.

(b) The State agency is responsible for commenting on and concurring with or objecting to Federal agency consistency determinations and negative determinations (*see* subpart C of this part), consistency certifications for federal licenses, permits, and Outer Continental Shelf plans (*see* subparts

D, E and I of this part), and reviewing the consistency of federal assistance activities proposed by applicant agencies (*see* subpart F of this part). The State agency shall be responsible for securing necessary review and comment from other State, regional, or local government agencies, and, where applicable, the public. Thereafter, only the State agency is authorized to comment officially on or concur with or object to a federal consistency determination or negative determination, a consistency certification, or determine the consistency of a proposed federal assistance activity.

(c) If described in a State's management program, the issuance or denial of relevant State permits can constitute the State agency's consistency concurrence or objection if the State agency ensures that the State permitting agencies or the State agency review individual projects to ensure consistency with all applicable State management program policies and that applicable public participation requirements are met. The State agency shall monitor such permits issued by another State agency.

Subpart B—General Definitions

§ 930.10 Index to definitions for terms defined in part 930.

Term	Section
Act	930.11(a)
Any coastal use or resource	930.11(b)
Appellant	930.123
Applicant	930.52
Applicant agency	930.92
Assistant Administrator	930.11(c)
Associated facilities	930.11(d)
Coastal zone	930.11(e)
Consistent to the maximum extent practicable.	930.32
Consistent with the objectives or purposes of the Act.	930.121
Development project	930.31(b)
Director	930.11(f)
Effect on any coastal use or resource	930.11(g)
Enforceable policy	930.11(h)
Executive Office of the President	930.11(i)
Failure substantially to comply with an OCS plan.	930.85(c)
Federal agency	930.11(j)
Federal agency activity	930.31
Federal assistance	930.91
Federal license or permit	930.51
Federal license or permit activity described in detail.	930.71
Interstate coastal effect	930.151
Major amendment	930.51(c)
Management program	930.11(k)
Necessary in the interest of national security	930.122

§ 930.11

15 CFR Ch. IX (1–1–14 Edition)

Term	Section
OCS plan	930.73
OCRM	930.11(l)
Person	930.72
Secretary	930.11(m)
Section	930.11(n)
State agency	930.11(o)

[65 FR 77154, Dec. 8, 2000, as amended at 71 FR 826, Jan. 5, 2006]

§ 930.11 Definitions.

(a) *Act*. The term “Act” means the Coastal Zone Management Act of 1972, as amended (16 U.S.C. 1451–1464).

(b) *Any coastal use or resource*. The phrase “any coastal use or resource” means any land or water use or natural resource of the coastal zone. Land and water uses, or coastal uses, are defined in sections 304(10) and (18) of the act, respectively, and include, but are not limited to, public access, recreation, fishing, historic or cultural preservation, development, hazards management, marinas and floodplain management, scenic and aesthetic enjoyment, and resource creation or restoration projects. Natural resources include biological or physical resources that are found within a State’s coastal zone on a regular or cyclical basis. Biological and physical resources include, but are not limited to, air, tidal and nontidal wetlands, ocean waters, estuaries, rivers, streams, lakes, aquifers, submerged aquatic vegetation, land, plants, trees, minerals, fish, shellfish, invertebrates, amphibians, birds, mammals, reptiles, and coastal resources of national significance. Coastal uses and resources also includes uses and resources appropriately described in a management program.

(c) *Assistant Administrator*. The term “Assistant Administrator” means the Assistant Administrator for Ocean Services and Coastal Zone Management, NOAA.

(d) *Associated facilities*. The term “associated facilities” means all proposed facilities which are specifically designed, located, constructed, operated, adapted, or otherwise used, in full or in major part, to meet the needs of a federal action (e.g., activity, development project, license, permit, or assistance), and without which the federal action, as proposed, could not be conducted. The proponent of a federal action shall

consider whether the federal action and its associated facilities affect any coastal use or resource and, if so, whether these interrelated activities satisfy the requirements of the applicable subpart (subparts C, D, E, F or I).

(e) *Coastal Zone*. The term “coastal zone” has the same definition as provided in § 304(1) of the Act.

(f) *Director*. The term “Director” means the Director of the Office of Ocean and Coastal Resource Management (OCRM), National Ocean Service, NOAA.

(g) *Effect on any coastal use or resource (coastal effect)*. The term “effect on any coastal use or resource” means any reasonably foreseeable effect on any coastal use or resource resulting from a Federal agency activity or federal license or permit activity (including all types of activities subject to the federal consistency requirement under subparts C, D, E, F and I of this part.) Effects are not just environmental effects, but include effects on coastal uses. Effects include both direct effects which result from the activity and occur at the same time and place as the activity, and indirect (cumulative and secondary) effects which result from the activity and are later in time or farther removed in distance, but are still reasonably foreseeable. Indirect effects are effects resulting from the incremental impact of the federal action when added to other past, present, and reasonably foreseeable actions, regardless of what person(s) undertake(s) such actions.

(h) *Enforceable policy*. “The term “enforceable policy” means State policies which are legally binding through constitutional provisions, laws, regulations, land use plans, ordinances, or judicial or administrative decisions, by which a State exerts control over private and public land and water uses and natural resources in the coastal zone,” 16 U.S.C. 1453(6a), and which are incorporated in a management program as approved by OCRM either as part of program approval or as a program change under 15 CFR part 923, subpart H. An enforceable policy shall contain standards of sufficient specificity to guide public and private uses. Enforceable policies need not establish detailed criteria such that a proponent
